

It had never been touched before

xx758x x7505 xx5555 7505  
775 757 xx758 x757

xx758x x7505  
It was holding a glass of water for the thief  
xx5555 7505  
The flashlight looked like stars on a summer night  
xx758x x7505  
I heard screams, sharper then a knife  
xx5555 7505  
And jubilant, or serene or reminiscent  
xx758x x7505  
Left in the morning and didn't come back  
xx5555 7505  
Brought back a bottle of eye drops  
xx758x x7505  
Could be a big figure, could be  
xx5555 7505  
My heart was touched in a way

775 757  
**It had never been touched before**  
xx758 x757  
**And had never been moved before**  
775 757  
**And had never been moved before**  
xx758 x757  
**You would correct that person**

xx758x x7505  
All over the place, all over the square  
xx5555 7505  
And even there a hand to share  
xx758x (x7505)x7505  
It was like being sealed away  
xx5555 7505  
Sunlight blinded me like the way

### **Chorus 2\***

775 757  
Six month of waiting, of  
xx758 x757  
Recovering, could barely walk  
Elsewhere

### **Chorus**
