*“Music is something wonderful, difficult but yet wonderful”  
“This is one of my best songs: in the terminating paragraph,  
to allow a prisoner/customer to speak up and help him not to persist. Lyrics are kept behind recurrent glass and what this  
means as a consequence: is it a memorial to the holocaust, destroying existing lyrics?”

Surf attack, surf attack, surf attack  
arac, arac, arac

Surf aanval, surf aanval, surf aanval  
Ego aanval, ego aanval, ego aanval

Vow your trophies, vow goodbye,  
Vow our trophies, consecrate me glass,  
What I request to seek through alibi,

Uw trofeeën zweren, zweren me goodbye,  
De gelofte doen onze trofeeën, wijden me glas,  
Wat ik verzoek om te zoeken via alibi

Surf attack, surf attack, surf attack  
arac, arac, arac

Spin aanval, spin aanval, spin aanval,  
Surf aanval

Vow our trophies, vow goodbye,  
Vow our trophies, consecrate me glass,  
What I request to seek through alibi,

Onze trofeeën zweren, zweren me goodbye,  
De gelofte doen onze trofeeën, wijden me glas,  
Wat ik verzoek om te zoeken via alibi

When the wind comes hushing in  
Your voice rises up in the dust of the diamond  
rings

Als de wind suste gaat  
In het stof van de diamanten ringen

From my home cloud  
From my dome shroud  
I'm asking around  
I'm asking around  
Who wants to be paranoid with me

Uit mijn huis wolk  
Van mijn koepel lijkwade  
Ik vraag rond  
Ik vraag rond  
Who wants to be paranoïde met mij

You say you are afraid, folio  
I'm so sorry it isn't late  
My dignified mind doesn't work  
Took much drugs I'm a jerk,  
To have pride of place,  
I have to cross perilous line  
My mind, my mind feels there so fine  
My mind in rushing asteroids  
|:Tell my mind an android:|

U zeggen je bent bang, folium  
Pardon dat het niet laat  
Mij waardige werkt  
Nam ook drugs ik ben een eikel,  
Trots van plaats,  
Ik moet gevaarlijke lijn overschrijden  
Mijn geest, mijn geest voelt er zo fijn  
Mijn gedachten in haasten asteroïden  
|:Vertellen mij een android:|
