

The ruin of the crown

(Huguenot) attitude
Which turns towards all that belongs
Which knows where it pleases
All of a sudden
Anguish

When he'll rejoin, he gave me the coffer
And to carry
A gallant affair

It is understood that it is employed
And doesn't extend to class

Well, I am going to lodge there to-night
A regular chandelier
In the attic, a calendabrum
His ideas went a change

Other boards have mothers
The detonation makes him freeze
In order that his son might be happy
Not amused!

At an epoch when I was young
To suite her
To support
The Dicks sentinel

Antechamber with a chain
Rotor
He got sick!
To absolute perfection
Ah! you are conversation

A rococo(-jesuit)
On the veil

(Hugenoot) houding
Die draait jegens alle die deel uitmaakt van
Wie weet van waar het bevalt
Ineens
Angst

Toen hij terugkeren zal, gaf hij me de koffer
En te voeren
Een gallant-affaire

Het is wel verstaan dat het werkzaam is
En niet uit te breiden tot klasse

Nou, ik ga om te dienen er to-night
Een regelmatige kroonluchter
In de zolder, een calendabrum
Zijn ideeën ging een verandering

Andere platen hebben moeders
De ontploffing maakt hem bevrozen
Om ervoor te zorgen dat zijn zoon zou kunnen blij zijn
Niet geamuseerd!

In een tijd toen ik jong was
Naar suite haar
Ter ondersteuning van
The sentinel Dicks

Wachtkamer met een ketting
Rotor
Hij ziek!
Tot absolute perfectie
Ah! u bent het gesprek!
